Introduction

This handbook is designed as a two-part resource for the students accepted into a Florida State University School of Dance degree program. The document you are viewing contains specific information for the BFA in Dance. Its partner is a general School of Dance handbook which is a compilation of information, policies and procedures that can help you get the most from your time at Florida State University.

The BFA Program in Dance

Admission, Audition, and Screening

All students who wish to major in dance must audition for admission into the dance major program. Auditions are held at designated periods throughout the year. In addition to the procedures for admission into the dance major program, the student must meet the requirements for admission into the University. With the approval of the School of Dance Chairperson, BFA Program Director, and faculty, students have one full year to enroll in the major after being accepted without having to re-audition. Once enrolled, at the discretion of the faculty, students may take a leave of absence for up to one full year without re-auditioning.

Screening of every dance major occurs at various times throughout each year to assess the student's progress. Such assessment is part of a continuous advisement and mentoring procedure. A student who is having difficulty meeting curricular proficiency standards and/or other professional conduct requirements will be given a Remediation/Student Success Plan and may be placed on probationary status for a designated period of time to address particular problem areas with the help of the faculty. (See CFA Handbook for the Professional Conduct Policy.) Students who cannot meet curricular or professional standards will be discontinued from the dance major program. Students not earning a grade of C minus or better (and "Satisfactory" for Ensemble) in all required dance coursework will be put on a registration hold, given a Remediation/Student Success Plan, and will be placed on "probation." "Probation" may include not be allowed to perform in School of Dance productions nor work on any artistic projects outside of normal classroom activities. If grades are not up to the requirements and the student does not meet the terms of the Remediation/Student Success Plan by the following semester, the student will be required to change majors. (See Dance Major Academic Map.)

The Technique Component; Placement and Proficiency

All students are assigned an appropriate placement level in ballet and contemporary dance upon entrance into the program and must maintain continuous participation in ballet and contemporary dance technique classes throughout enrollment in the curriculum. Students who demonstrate the skill necessary for the next level of work upon completion of a studio technique course will be permitted to enroll at the next level. Students will be expected to continue in designated courses at their level of technique until they are ready to advance. To meet graduation requirements, the student must achieve and maintain the Ballet II-2 level and the Contemporary Dance II-1 level or the Contemporary Dance II-2 level and the Ballet II-1 level; the advanced proficiency level (II-2) must be achieved by one semester prior to graduation. Students will be put on a Remediation/Student Success Plan if this requirement is not achieved and will be expected to continue taking technique courses in Contemporary Dance and/or Ballet until they meet this proficiency. Students will not graduate until proficiency is met.

Dance Ensemble

Students are required to complete one (1) credit hour of the Ensemble course requirement each academic year. Students register for zero (0) credit hours in the fall and one (1) credit in the spring. Required for the Ensemble credit is enrollment in the appropriate course according to the student's MAPPING schedule and attendance at Dance Forum (a series of lectures, films, and performances scheduled on Wednesdays from 10:30–11:50am throughout the academic year). Students are also responsible for auditioning for scheduled school productions, securing a function as cast member, understudy, or rehearsal assistant and then attending all rehearsals and performances of at least one school-sponsored performing opportunity. Ensemble credit is for school concerts and

productions only and receives a Satisfactory/Unsatisfactory grade. Credit will be given during the spring semester with satisfactory completion of performance component and satisfactory attendance at Dance Forum for the academic year. Reference course syllabus for further details.

Liberal Studies/CoreFSU

All students working toward a degree in dance are required to meet the University's Liberal Studies/CoreFSU requirements. Reference the FSU General Bulletin for current requirements.

Electives

The BFA dance major will choose and complete an area (or areas) of elective study during their final two years of study. The elective requirement is a minimum of 11 credit hours. Possible areas of electives may include, but are not limited to, the following:

- Performance/Repertory
- Choreography
- Personal training for dance (Pilates, Gyrotonic, etc.)
- Dance History
- Research in dance
- Somatics related to dance
- Dance Production
- Dance/Arts Administration
- Music Resources for dance
- New York City: Arts and Resources

Senior Capstone Experience

The Senior Capstone Experience (3 credits) is a requirement for all BFA majors. Each student will successfully complete a capstone project during their final spring semester in Tallahassee or New York City. Such projects might include, but are not limited to choreographic work, multimedia work, community engagement project, production design, research project, repertory restaging. The course instructor must approve the scope and depth of the project during a proposal phase. Honors in the Major projects may coincide with capstone investigations.

Advising

Students must meet with both their liberal studies/CoreFSU and dance advisors each semester to prepare for registration for the following semester. Please watch for emails detailing when to sign up for advising meetings. If you fail to meet with your advisors, a hold will be placed on your account and you will not be able to register for classes.

Students who attend the ARTS in NYC program in the spring of their senior year are not eligible for this option in the fall of their senior year. Students who have not yet completed six semesters of technique (summers excluded) are also not eligible for this option.

Nine Hour Summer Term Requirement

Students who have entered a university in the State of Florida, Division of Colleges and Universities, with fewer than sixty hours of credit are required to earn at least nine (9) hours prior to graduation by attendance in one or more Summer terms at one of the State University System institutions. If this requirement creates unreasonable financial or personal hardship for you or interferes with professional development in the dance field, e.g., summer dance intensives or summer dance employment, you may submit a Summer Waiver Request in MyFSU in your final year to request that this requirement be waived. Please consult with your advisor about this requirement to ensure proper protocol and adherence to policies.

Summer Technique Requirement

Students enrolled in Summer A or C are required to enroll in a dance technique course during Summer A. Students enrolled in Summer B are required to enroll in a dance technique course during Summer B.

Dance Major Academic Map

(Effective Summer 2017 and after)

This map is a term-by-term sample course schedule. The milestones listed to the right of each term are designed to keep you on course to graduate in four years. The Sample Schedule serves as a general guideline to help you build a full schedule each term. The General Education and Elective courses must be selected to satisfy all area and multicultural requirements unless your program meets these requirements with major courses. Milestones are courses and special requirements necessary for timely progress to complete a major. Missing milestones will result in one of two types of map registration stops. The first level (Degree Map Off-track) is placed following grade posting if the student has missed a milestone (course and/or GPA) for the first time in the major. If a student is in noncompliance with milestones for two (2) consecutive semesters (excluding summers), a Major Change Required stop is placed on the student's registration.

The BFA Dance Major is a specialized admissions major. To be admitted, you must successfully complete an audition, preferably during your senior year in high school. Information on auditions can be obtained at <http://www.dance.fsu.edu/>

Financial Aid for BFA Dance Students

Limited scholarship aid is offered specifically for undergraduate or graduate dance majors at Florida State University. A limited number of out-of-state tuition waivers may be available to students. These waivers are awarded to those students who demonstrate exceptional and promising ability in the area of dance and who are officially enrolled as dance majors or have been accepted into the dance major program for the coming term.

For undergraduate students who qualify for federal work study, there are occasionally opportunities for special work assistantships. Continuation of Dance Financial Aid of any kind is contingent on the student maintaining a “B” average in Dance major coursework.

There are other sources of financial assistance available to students. One may gain complete information regarding scholarships, loans and employment by writing directly to the following office:

Combined BFA/MA Degree Pathway

The combined degree pathway offers an opportunity to earn both a BFA degree and an MA degree in Dance. Within a targeted tenure of five years, the combined degree pathway is designed so that successful candidates merge graduate level coursework into the undergraduate senior year, then complete the graduate degree the following year.

This pathway is ideal for the undergraduate dance major who has identified area(s) of interest within the School of Dance curriculum and seeks to deepen their investigation into this/these area(s). The pathway is designed to support self-driven inquiry and offer curricular flexibility. Students pursue elective coursework that relates to their area(s) of interest, deepening their understanding of dance studio studies and scholarship and engaging in significant investigation via process-based research.

Requirements for admission include: an overall Grade Point Average (GPA) of 3.0; a GPA of 3.0 in all dance coursework, successful obtainment of proficiency in dance technique, as defined by the School of Dance; and a formal application to the Graduate School and School of Dance. Undergraduate students engaged in the combined degree pathway may register for six (6) hours of graduate level coursework during each semester of their senior year, provided that students obtain approval of the Dean of the College of Fine Arts, School of Dance Chair, and the course instructor. Students may apply eleven (11) hours of graduate credit towards their BFA and twelve (12) towards their MA in Dance degrees. Undergraduate seniors enrolled in courses for graduate credit may not carry a semester load of more than fifteen (15) credit hours. Students must have eligibility of combined degree participation certified in the Office of the University Registrar before seeking Dean and instructor approval.

Potential candidates should meet with their academic advisor to determine if the pathway aligns with the student's trajectory of study. Qualified students normally apply to the School of Dance combined degree pathway in their junior year. The Graduate Record Examination (GRE) is not required for admission although students should make a formal application to FSU's Graduate School and the School of Dance's Graduate Program during the last semester of their senior year.

BFA + MA–Studio & Related Studies

The MA with a focus on Studio and Related Studies (SRS) offers students the ability to self-design a course of study that augments dance training with coursework in choreography, technology, dance sciences, administration, production, and/or other areas of interest to the particular student. SRS candidates complete 36 hours for the degree and work towards a cumulative capstone project unique to their own experience.
